

Idaho's LGBTQ Community: An Oral History Collection & Archive

We need your help!

The University of Idaho's College of Letters, Arts & Social Sciences and Library are collaborating with the Latah County Historical Society to create the **FIRST LGBTQ digital archive in Idaho!**

Our goal is to represent every community in Latah County and every county in the state of Idaho.

What do we need?

- Your story!
- Photographs, scrapbooks, audiovisual materials
- Personal remembrances (journals, diaries, poems, etc.)
- Memorabilia from local and regional LGBTQ organizations
- Political materials (buttons, flyers, posters, signs, banners, etc.).

What will they be used for?

- Oral histories will be published and made available online for free through the UI Library's Digital Initiatives website.
- Physical materials will be archived in the University of Idaho Library, which is open to the public.
